IL SEGRETARIO GENERALE
(Angelo Iezzi)

IMPORTANT INFORMATION AMENDMENT TO WORLD SKATE DOCUMENTS

Free Skating 2022

Please note the following updates to Official Regulation Artistic - Free Skating 2022:

Specific Procedure for Short Program:

- The same jump can only be presented once except for one jump of the skater's choice, which can be presented twice, one of them in the Combination Jump. If a skater presents two different jumps twice, the CTR with the help of the DO and the AS will invalidate (*) **the second of the repeated jumps.**

Example 1: a skater who performs 2A, 2A+3T+3T*+2Lo, 3F. The second triple toe will be starred out.

Example 2: a skater who performs 3F, 2A+NJ+3F, 2A*. The second axel will be starred out. The skater still meets the required elements.

Difficult positions in spins:

- **Only one difficult position can be considered per position with base value for the bonus by the technical panel. The technical panel will consider the position with the greater value if not already used. For example: An upright performed on the heel with a split position will be awarded the value of the upright with the split.**

Nicola Genchi
Artistic Skating Technical Commission
Chairman
